a comprehensive and accessible study of eschatology for anyone interested in the important subject of biblical prophecy the bible and its revelation about jesus christ s return is the one source of hope

and confidence for the future in these dark days approximately one fourth of the bible was prophetic at the time it was written meaning that a greater body of scripture is devoted to the unfolding of god's plan than any other one subject god the architect of the ages has seen fit to take us into his confidence concerning his great design but until things to come was published the treatment of biblical prophecy had been mainly either apologetic or expository with prophetic themes being developed individually apart from their relation to the whole revealed prophetic program this methodology produces fragmentary and unrelated knowledge of the subject in this monumental classic dr dwight pentecost has synthesized the whole field of prophecy into a unified biblical doctrine a systematic and complete biblical eschatology he deftly handles many controversial topics including a detailed presentation of premillennial eschatology with nearly a quarter of a million copies sold things to come has earned its place in the library of the pastor the scholar and the seminarian or bible institute student

what god wants his people to know about the end times christians fixation on the end times is not new while eschatological speculation has sometimes resulted in distraction or despair scripture does speak about the end so what does god most want us to know and do with prophecy in after dispensationalism brian p irwin and tim perry sympathetically yet critically sketch the history beliefs and concerns of dispensationalism though a minority view in the sweep of church history and tradition dispensationalism is one of the most influential end times systems today and there is much to learn from it and yet sometimes it gets sidetracked by overlooking the prophets main concerns irwin and perry reexamine the key texts and show that ezekiel daniel and revelation primarily give a word of hope to god's people

with each passing day our world seems to drift further and further away from the god of the bible divine creation and christian belief this societal shift toward postmodernism and secularism is not a new development however the expanding and intensifying revolt against the biblical god and christianity traces its roots back to the modern philosophies of the enlightenment and romanticism which have given rise to many divergent views during the past three centuries and become even more extreme in recent postmodernism the greatness of god how god is the foundation of all reality truth love goodness beauty and purpose stands as an intellectual counterweight to the prevailing winds of a secular postmodern world author charles frank thompson argues that the consequences of this rejection of god and divine creation have not been benign he traces the modern revolution in detail and describes its deleterious consequences including the loss of the ultimate basis for universal truth knowledge meaning and purpose in the greatness of god thompson explores a wide range of

topics including christian theology metaphysical philosophy and an analysis of modern thought and art he examines the rich history of christian poetry prose and art and takes a look at recent scientific discoveries that help us understand christian teachings about god s creation he concludes with an exploration of the millennium the eternal kingdom of god and the spiritual state of america and europe today

stanley j grenz describes four major views on the millennium held by evangelicals and assesses their strengths and weaknesses

many regard the idea of a pre tribulation rapture as an escape for cowardly christians who wish to escape not only the coming tribulation but the present trials and responsibilities of life this book will help to dispel that idea as the reader will see clear biblical evidence of a pre tribulation rapture this evidence is god s design to bring us comfort and encouragement in these last days this study in four parts thoroughly investigates the subject of the rapture part one lays out the groundwork for the rapture in which we focus mainly on a study of daniel 9 part two is a short history of the kingdom of god so the reader can better see the significance of the rapture in part three we inspect each reference to his coming and show whether it refers to the rapture or to his glorious appearing in the last section our scope of study is narrowed to showing why the rapture must come before the tribulation i highly recommend this book to you if you have any doubts about the rapture

are you afraid of being left behind at the rapture probably not if you are a christian but we all know people who we fear may not make the cut when christ returns for his church they will have to go through the great tribulation or will they did you know that the notion of the rapture of the church and much of today s popular end times teaching did not exist before englishman john nelson darby began to teach it in the 1830 s when darby s ideas appeared and began to spread many thought that they were unbiblical or even heretical if the church viewed his ideas so negatively why are they now the most popular end times view in the american church take a look with me at how this school of thought called dispensationalism began we will learn how and why it emerged as america s most popular last days perspective despite the opposition of eighteen centuries of church scholarship we will see what the church believed before it came along and most important we will see that those earlier centuries of scholars had it right all along

we find ourselves in an hour that requires great spiritual preparation for the unique dynamics that are still ahead for the church israel and the world as it is and will be i am thankful for any and every resource that gives courage to godly men and women to see where the world is going and

embrace the unique role that the church serves this generation therefore i am thankful for richard tow and his timely service to the body of christ in laboring to produce this important book a generation of believers young and old are searching for biblical truth with depth on the subject of the return of jesus because of the recent escalation of trouble and darkness i highly recommend that richard s book be a priority for any searching for a clearer sense of the why behind the what of the timing of the tribulation that precedes the lord s return david sliker president international house of prayer university my friend and fellow minister for many years richard tow has written a must read book if you are interested in eschatology his comprehensive scholarly non dogmatic research of scripture and the positions held on the tribulation and the rapture of the church leave it up to the individual reader to decide for him or herself which view to espouse rapture or tribulation is the kindest most thorough book i have read on the topic dr loren houltberg professor author and regional pastor for the foursquare church

fourteen key bible doctrines including grace repentance sanctification security and predestination are explained in everyday terms
